## Firearm Safety Rules

Always keep your gun pointed in a safe direction.

Treat every single firearm as if it's loaded.

Be sure of what your target is and what is beyond it — keeping your finger off the trigger until it's ready to fire.

Don't rely on your gun's safety.

## Firearm Safety Questions

- **My child is quite curious. Is there a firearm in your home and is it safely stored?**
- **Our doctor recommended that I check to make sure there are no guns where my child plays. Do you have any? Are they safely stored?**
- **If you let your child play in a home where there is a gun, just ask if it is safely stored.**

Always secure guns in your homes and vehicles

Cultivate responsible behavior

Think about the risks of suicide when an unsecured gun is present

Inquire about unsecured guns in others' homes

Voice your concern about gun safety

AND

## SAVE LIVES = GUN SAFETY

**“If you have firearms, how are they stored?”**

“Good. You know to lock them up, not just hide guns and separate them from the ammunition.”

Caregivers & Playdates  
Ask yours  
about storage.

Other Peoples Homes  
Relatives & Friends  
“Where are guns stored?”

Suicide risks can lead to gun tragedies.

## Safe Gun Storage Saves Lives

The **Safe Storage Saves Lives** campaign is brought to you by local and state organizations dedicated to the health and well-being of all the people of Austin and Travis County. Our goal is to help inspire and educate gun owners on the utmost importance of safely storing firearms to prevent unwanted injuries and deaths in our city and our county. Shootings are increasing in our area resulting in death or injury, and suicide is the second leading cause of death. Unsecured firearms increase the likelihood of these unwanted injuries and fatalities. Please help us meet our goal of safely storing all area guns. Thank you for your help!
